Pastorelli STICK SPARE PARTS

Spring Catch + Ring

art. 00433 Professional Plus Spring Catch + Ring

art. 00429 Spare Ring for Stick

Pastorelli CORD for Stick

Cord for stick to be used in place of the spring catch. Tested for repeated and strong tractions.

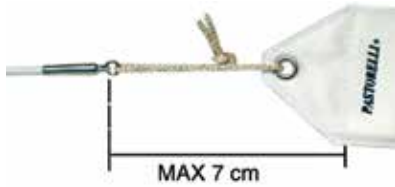

Follow these instructions to assemble your cord:

- 1) Pass the cord through the hole at the end of the ribbon and that one at the end of the stick .
- 2) Put the two ends of the cord together so that they are parallel to each other .
- 3) Make a simple slip knot.
- 4) Tighten the knot firmly.
- 5) Cut both ends of the cord leaving 2 cm of border.

The gold thread helps to control the thread safety .

Remember that according to F.I.G. regulation the distance between the stick and the ribbon.

(until the vertical seam) cannot be more than 7 cm .

art. 00428 Cord for Stick

art. 02600 Non-abrasive Cord for Stick

Pastorelli KNOTTED Non-Abrasive Cord for Stick

Cord for stick to be used in place of the spring catch. Tested for repeated and strong tractions.

Follow these instructions to assemble your cord:

- Pass the loop through the ribbon hole (PICs. 1-2)
- Pass the cord through the loop and pull (PICs.3-4)
- Hook the stick up (PICs. 5-6)

art. 02601 Knotted Cord for Stick

Pastorelli ALCANTARA Half Shoes

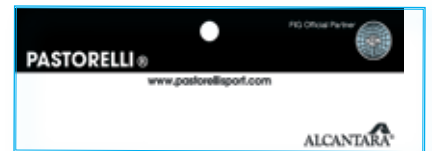

Soft and resistant for a perfect performance of the foot.

Alcantara is a registered trademark.

Slightly elasticated, allowing for balance between thinness and resistance.

Friction tests showed that compared to fabrics as light as alcantara, alcantara lasts more than the others.

It perfectly clings to your foot, is soft and long lasting.

Terry cloth interior, for immediate comfort from the first use.

The shape of the shoe immediately forms to your foot.

The highest performance of the shoe, as far as shape and softness are concerned, is reached from the very first moment you wear it. The shoe grips perfectly the floor at landings.

Expected average life: 2-4 months, for 15 hours of training sessions a week in a training court suitable for Rhythmic Gymnastics.

Pastorelli RIBBON WINDER

The ribbon winder consists of a plastic cylinder with a sliding closure, an inner cylinder which opens and closes with a button to fix the ribbon tape and a side wheel to wind the ribbon quickly.

The ribbon winder is handy and fast and you can choose to insert the ribbon for both its sides.

art. 02924 Ribbon Winder

A) Open the sliding closure, press the button, put the ribbon in the opening part, release the button

B) Put your fingers in the special area and spin clockwise.

C) Close the sliding closure

Pastorelli Half Shoe Holder

Handy and smart half shoe holder.

In waterproof material and with handy zip. Dimensions: 16x12 cm.

Holds at least a pair of half shoes.

Can also be used to store other objects such as hairpins, elastic bands and jewelry.

Pastorelli LEOTARDS

An infinite variety of different models come to life from customized patterns, shades and light play.

Our designers sketch leotards and then transfer them to a digital image using computer graphic design.

Our tailors then bring the designs to life by sewing the leotards using excellent craftsmanship.

Rhinestones make each of our leotards even more precious and unique. Swarovski rhinestones or other beadings are attached with an ultrasound machine, giving your leotard an extraordinary brightness.

Create your own leotard: every detail of your leotard including colour, shading and pattern can be customized by our designers.
